264 HERITAGE MATTERS

(i) Conservation Area - the Town Clerk reported that he had held initial discussions with a Heritage Consultant who had suggested that he contact Bob Croft, Head of Historic Environment and Estates with the South West heritage Trust for advice on who might be able to offer support. She had also suggested contacting English Heritage. He had emailed the two suggested contacts but had not had replies at the time of the meeting. He reported that he would follow this up.

- (ii) Teares Building it was agreed that given Somerset Council's position that it would not be taking any action, consideration of how the Town Council might move this forward should be included in any project brief relating to improving the Conservation Area.
- (iii) Toneworks/Tonedale Mill the Town Clerk reported that he had met with Lara Bell the newly appointed Head of Regeneration and Major Projects with Somerset Council who was now managing these projects. She was planning on meeting with both public and private sector organisations over the next couple of months to discuss options for moving the projects forward and had said that she would be happy to attend a future committee meeting to update on progress.

268 NORTH STREET CAR PARK

Councillor K Wheatley and Facilities Manager updated the Committee on work carried out to the signage and markings in the car park.

- a) Bicycle loops have been moved but the post still needs to be installed.
- b) New white triangular markings had been painted on the humps.
- c) New signage had been installed at the entrance to the car park on Fore Street. We have instructed Somerset Council to remove the blue and white "Pay and Display" sign and post on the left-hand side that obstructs the fingerpost sign.

Councillor K Wheatley raised concerns about the large green "Welcome to Wellington – Pay and Display" car park signs and old meters in all the car parks. The signs are ugly and uninformative and does not set a good impression of the town. Somerset Council need to replace them.

It was **AGREED** that Councillor K Wheatley and Facilities Manager would continue working with Somerset Parking Team to get a highly visible walkway painted between pavements at the entrance to North Street Car Park from Fore Street. To also get the large green "Welcome to Wellington, Pay and Display Car Park" Signs and old parking meters replaced and report back to Committee at the next meeting.

269 TOWN CENTRE FLOWERS

Economic Development Committee Budgets

1. Introduction

1.1. As the Council enters the budget setting process, each of its Committees need to review the budgets they are responsible for and assess any budget requirements for any newly proposed projects for the 25/26 year.

2. Background

- 2.1. At the last meeting, a report was circulated detailing the specifics of each of the Committee's delegated budget codes.
- 2.2. Councillors were asked that any new projects to be considered for inclusion in the 25/26 budgets were detailed on a project initiation form and submitted to Officers. No forms have been received to date.

3. Updated Draft Budget

- 3.1. Attached at appendix 1 is the first draft copy of the budget codes that are delegated to the Committee. For comparison purposes, it details information for previous (23/24), current (24/25) and two future years (25/26 and 26/27). It should be noted that the 26/27 figures are only indicative at this time.
- 3.2. At present, there is some cross over in Committee responsibility for some cost centres. For example, this committee is responsible for some lines within the Town Centre section, but not all. To improve this, the budget in appendix 1 shows the existing codes it is responsible for in a new structure so that, going forward in 25/26, Committees will only be responsible for entire Cost Centres.
- 3.3. Notes to figures provided for each section are listed below

3.3.1. Cost Centre – Christmas

- 3.3.1.1. Hire of Lights 25/26 will be the last year in the current three year hire agreement, the 26/27 figure suggests an uplift in charges. However, if at renewal the Committee choose to extend the current scheme costs may be reduced.
- 3.3.1.2. Lights Install this figure will need to be increased for 25/26 based on (now) known increases in costs for 24/25. This line will be overspent at year end and will be reported to Full Council as appropriate. A further uplift has been applied to the 26/27 figure.
- 3.3.1.3. Switch on Event the amounts for this line have been reviewed by the Events Working Group and match their recommendations as considered at an earlier stage in the meeting. Both the receipt and payment columns for 26/27 assume an uplift in charges in general.

- 3.3.1.4. Free Parking assuming the Council/Committee will continue to support the cost of providing free parking on Saturdays in December, plus the switch on event, the amount for 25/26 has been based on the actual spend for 24/25 plus a (rounded) 5% uplift. The same is true for 26/27.
- 3.3.2. Cost Centre Economic Development (new cost centre)
 - 3.3.2.1. Town Centre Projects likely items/projects to be funded from this line are; Cornhill Lantern, improvements in South Street, signage in North Street Car Park
 - 3.3.2.2. Heritage this amount was set in the 24/25 based on indicative costs for possible consultancy work that may be required given Somerset Council's reduction in heritage staff. This year there has been over £500 of income from donations from tours of Toneworks. Assuming these will continue to run, this has been added to the receipts budget to offset some cost.
 - 3.3.2.3. Clocks amount based on information given by Somerset Council when it was agreed that the Town Council would take responsibility of the clock at the old Town Hall (Iron Duke)
 - 3.3.2.4. Promotion of Wellington it was resolved at the last Community Committee meeting, that this budget be delegated to the Economic Development committee from 25/26. It was also agreed that it should be split with a new budget line within the Democracy Cost Centre for Mayoral Events. The £5,000 budget in 24/25 has been split equally between the two for 25/26. Within this budget, Officers as that £500 be earmarked for the development of, and items of spend withing a Communications Strategy. The Project Assistant will present a paper and draft policy to a future meeting.
- 3.3.3. Cost Centre Events (new)
 - 3.3.3.1. Code numbers 127, 128, 142 and 150 are legacy lines containing data from previous years and will be removed from the Cost Centre as appropriate.
 - 3.3.3.2. Summer Street Fair it is intended that the new Wellington Independent Market will organise this event in 2025.
 - 3.3.3.3. Remembrance & AFD this line covers items such as printing of orders of service etc.
 - 3.3.3.4. VE Day 80th Budget amounts as per the Event Working Group recommendation.
 - 3.3.3.5. Night Walk Budget amounts entered for information based on figures reviewed by the Events Working Group. A presentation will

be received earlier in the meeting, the line will be dependent upon the committee decision at that point.

- 3.3.3.6. VJ Day 80th Amount as per the Event Working Group recommendation.
- 3.3.3.7. Somerset Day Amount as per the Event Working Group recommendation.

4. Next steps

4.1. Having reviewed each budget line, the committee should make an overall recommendation to the Policy & Finance Committee that it's Cost Centres be included in the budget, either as presented or amended. It may make resolutions to update or change the budget lines as it sees appropriate. There will be a specific meeting of the Policy & Finance Committee to review the budget in November.
